

CORPORATE ENGAGEMENT

PARTNERING TO SERVE THOSE WHO SERVED

Whether it's sponsoring an event, engaging in grantmaking, or volunteering with your company, the impact of your corporate support on the lives of San Francisco Bay Area veterans can be life changing!

- **Matching Gifts:** When making a donation through workplace giving campaigns many businesses match the donation, doubling your impact! Your Finance and Human Resources teams can provide more information.
- **Sponsorships:** We host annual fundraising events to allow us to highlight the impact of our work, honor the veterans we serve, and thank our community partners. Sponsorships provide opportunities for our community partners to showcase their support for local veterans with a tax-deductible donation.
- **Program Support and Grantmaking:** Providing program support in the form of grants helps further our mission of serving our community's most vulnerable veterans. Our continuum of care includes supportive and emergency housing, housing placement and eviction protection, social services, counseling, employment and job training, and free legal services to gain access to veteran benefits and healthcare.
- **Group Volunteering:** Groups have assisted with a variety of activities, such as beautification projects at our housing sites, food service, and hygiene kit assembly for our homeless clients. Many companies will provide a donation to match the volunteer hours you have spent with Swords to Plowshares!

“Wells Fargo’s multi-faceted relationship and commitment to Swords to Plowshares has evolved over 16 years of continuous support. We consider Swords to Plowshares a leader in assisting veterans in San Francisco. The need for helping formerly homeless veterans is overwhelming, and with our support, we know that Swords to Plowshares can fulfill their mission and expand their services to reach even more veterans.”
